

Ramayana

I am going to tell you a story called the Ramayana
Which is the longest epic ever with many fauna
God Vishnu comes to Earth as Rama to become the son
of King Dasharata

To destroy the wicked and evil Ravana
Queen Kaikeyi makes King Dasharata ban Rama for 14
years

Then Sita and Queen Kausalya comes running to Rama
with tears

So Rama, Sita and Lakshmana go to live in the woods
Without any complaint, without any goods

When time comes to go back home because Rama's father had died,
Rama says no because he can not lie

And since he had to obey his father's commands
Ravana's sister, Surpanakha, wanted marriage with
Rama, wishing him to follow her demands

But Rama says "No" and Surpanakha says she
would come back for revenge

So Surpanakha tells Ravana and he kidnaps Sita,
leaving Rama a heart with avenge

Jatayu dies trying to save Sita by telling Ravana stealing a wife is a bad
karma

After, Rama performs a ritual for Jatayu and
follows his dharm

King Hanuman offered to help find Sita, his
wife

Then Rama kills Ravana, saving Sita's life
Rama comes back to rule his kingdom and to
worship Brahman

With Sita back, Rama lives a happy life and that's how people saw them

So this is the story of the longest epic ever

Like the love Rama had for Sita, it lasts forever
